This book aims to give the results, dates and venues of all matches played in the League of Ireland, FAI Cup and all other national competitions involving League clubs since the inaugural season of 1921/22 together with full League tables. Also included are similar details for Leinster Cup and Munster Cup games involving League clubs, for major North/South and European club competitions and for international and inter League matches.

#### Reading The Results

In League-type competitions, the home team is given in the left-hand column and the away team on the top row. For example Bohemians beat Dublin United 4-2 at Dalymount Park on 26th November 1921. Months are designated by their first letters J = January, M = March, A = April, M = May, A = August.

In other competitions the match took place, unless otherwise stated, on the ground of the first named club as given in the grid for that season.

Where competitions are not completed and are continued in the following season the result is always given in the season when the match actually took place. In the case of International and Inter-League games the season is interpreted as running from July to June.

#### The Competitions

Little comment is required on the Lge of FAI Cup though it should be noted that goal average or goal difference has never counted to decide the winners of a Lge type competition though it may count for lower placings. A play off is always held to decide the winners.

Because League and FAI Cup fixtures were insufficient to last a full season a second Lge type competition was introduced from the start i.e. the Shield. This usually comprised one round of fixtures, though it has also been played over two rounds and on a knockout basis. When the Lge was increased to fourteen clubs in 1969, the Shield was played on a sectional basis and was abolished in 1973 to be succeeded by the League Cup. The Shield was revived for one season only in 1983/84.

The Dublin City Cup which, despite its name, was a competition involving all the Lge clubs began in 1934/35. It was played either as a knockout competition or as a one-round competition. Like the shield it was discontinued in 1973 though it was revived on a limited basis in 1975/6 and 1983/4.

The Presidents Cup is run by the Leinster FA. It began in 1929/30 but lapsed in the mid 1930's and was revived from 1939/40. It is competed for by League clubs from Leinster only (though one exception to this was in 1973/4 when Cork Hibernians and Waterford contested the trophy) Sometimes all the Leinster clubs took part, sometimes a selected group of them, and often just two - in many cases the previous seasons Lge and FAI Cup winners if these were Leinster clubs.

The Top Four Cup was contested from 1955/56 to 1973/4 by the top four clubs in the Lge. In the 1962/3 season the Casey Cup was competed for by all the Lge Clubs.

In the case of the Leinster Cup and the Munster Cup, the scores are included from the stage of each seasons competition when the Lge clubs entered. The Munster Cup was originally established as a junior competition but in 1932/3 was upgraded to include Lge clubs though it reverted again to junior status for four seasons 1941/2 to 1944/5.

Details are also given of the Major North/South Competitions. The first was the Dublin and Belfast Intercity cup which ran for eight seasons from 1941/2. In the early 1960's North/South competition was revived with two competitions which stretched over three seasons 1960/1 to 1962/3. The Blaxnit Cup was played for in seven seasons 1967/8 - 1973/4 and the latest was the Tyler cup which was competed for three times - and the end of the 77/8 season and at the beginning of 1979/80 and 1980/1. The later seasons of the Texaco Cup, 73/4 and 74/5, were also played as a North/South competition, though in the earlier seasons 1970/1 and 1971/2 the winner of the Irish part of the competition proceeded to compete with English and Scottish Clubs. No Irish clubs took part in 1972/3.

#### Miscellaneous

It will be noted that a very small number of cases in the Early Years fixtures in Lge type competitions were not completed. Sources at the time nonetheless give final Lge tables. The same approach has been followed in this book and the notes on the seasons in question give the relevant details. From 1923 - 1937 the FAI was known as the Free State FA and its competitions as the Free State Cup, Free State Lge etc. In this book the FAI title is used throughout. The Turnover of clubs in the Lge of Ireland was very High, particularly in the case of Cork clubs. A frequent reason for this was that a club would run into financial difficulty, a new committee would take over and would reform the club under a new name often with many of the same players and the same grounds as before. Where in the notes it is stated that a club changed its name this sometimes covers a situation like that rather than a simple name change. Very great care has been taken to ensure the accuracy of the information in this book. Information about any corrections or omissions would be welcome. I would like to thank the management and staff of the National Library of Ireland for their unfailing assistance and courtesy.

1921/22 notes: In its first season the League comprised eight clubs, all from Dublin, Bohemians, Dublin United, Frankfort, Jacobs, Olympia, St James' Gate, Shelbourne, and YMCA. Top line gives League results, lower line Shield results. Frankfort resigned from the Shield competition early in April and the points for their three unplayed games v Dublin United (away) v Olympia and v St James' Gate (both home) were awarded to their opponents. Olympia v Jacobs (Shield) was not played with the points shared. The following Bohemians away games were played at Dalymount Park, v Dublin United (League and Shield) v Frankfort (League and Shield), v Olympia (League), v St James' Gate (Shield) v Shelbourne (League and Shield). The following Olympia home games (Shield) were played at St James' Park v Bohemians, St James' Gate and Shelbourne. Dublin United v Olympia (League) was played at Bellevue Lodge, Olympia v Jacobs (League) at Rutland Avenue. Shelbourne v Jacobs (Shield) was played at Rutland Avenue. YMCA v St James' Gate (Shield) was played at St James' Park. Where positions were determined by goal records, goal average (goals scored divided by goals conceded) applied.

1939/40 notes: In February Cork City was reformed as Cork United who took over Cork City's fixtures. Top line gives League results, lower line Shield results. St James' Gate v Cork United (League) on 24 March was abandoned after 61 minutes following a crowd invasion with St James' Gate winning 1-0. The remaining 9 minutes were played with no further scoring on 20 April prior to the two teams' other League games that day. Brideville's home games up to and including 11 November were played at Green Lanes, those after that date at Harold's Cross. Dundalk's home games v St James' Gate (League) and v Bohemians (Shield) were both played at the Athletic Grounds. Waterford v Bohemians (Shield) was played at Shelbourne Park.

GENERAL INFORMATION

The Association has the full approval of the Football Association and the Football Lge's of both England & Scotland.

To date we have published over 75 different books on the games statistics, covering War Time Football, Lge Cups of both England & Scotland, special books on Inter Lge football & The World Cup to name but a few. Our most popular 'series' is our Annuals - to date we have issued 14 these covering 1888/89 through to 1901/02 each contains every Lge & FA Cup Line up & Goalscorer - we have sold around 15,000 of these!

We send all new members upon joining a register of members - we have over 1,200 members in 25 different countries (We also run an ex-directory which is kept only by us and not published, you should inform us upon joining if you would prefer to be placed on this) The first report of the Association was published in December 1978, some past issues are still available.

When writing to fellow members it is most important that you enclose a SAE otherwise no answer can be expected.

The yearly subscription fee is £7.20 (Overseas £9.50) Payable in MAY of each year. If you join for example in December 1985 you will be sent copies of the magazine for JULY 1985, SEPTEMBER 1985, NOVEMBER 1985, JANUARY 1986, MARCH 1986 and of Course MAY 1986 along with a new renewal form requesting £7.20 which will last upto MAY 1987. In other words although you joined in December 1985- it will be treated as if you joined in MAY 1985. You will receive all the same reports as all the other members that renewed in May 1985.

Statistical contributions for publication are most welcome, although because we get so many everything cannot be published (We pay members for any articles submitted and published) Nobody is under any obligation to send in information, indeed more than half of our membership are just readers.

The Associations library contains well over 1,000 books & Magazines on Football, members may visit the library - however appointments MUST be made well in advance.

We have our own photocopy machine in the library - copies can be made while you wait for 6p per copy. These can be done by post for members unable to visit the library.

Should you wish to join please fill in this small form for your entry in our register - Cheques & postal orders are to be made out to the Association of Football Statisticians. (You can also pay by Access credit card)
